Intercultural Dispute Resolution in Aboriginal Contexts

Catherine Bell 2007

The book offers a ground-breaking exploration of intercultural dispute resolution in Aboriginal contexts. It is divided into three parts: 1. Aboriginal Self-government, 2. Aboriginal Dispute Resolution, and 3. Indigenous Justice. Each part is further divided into sections that explore various themes.

Part One: Aboriginal Self-government

- Indigenous Peoples, Food Systems & Well-being-Harriet V. Kuhnlein 2013

Part Two: Aboriginal Dispute Resolution

- Aboriginal Dispute Resolution-Ian Darling 1997
- Dispute Resolution in Australia-Hilary Astor 2002
- Aboriginal Health, Mortality and Morbidity of Aboriginal Australians - John L. Wicks 2007

Part Three: Indigenous Justice

- Spaces of Indigenous Justice-Jennifer Hendry 2018-05-18

The book concludes with a comprehensive bibliography and index, providing readers with a rich resource for further exploration of the complex issues addressed throughout the text.
interrelated challenges of cultural diversity and intercultural dialogue and the way in which strong homogenizing forces are matched by persistent diversifying trends. The report proposes a series of ten policy-oriented recommendations, to the attention of States, intergovernmental and non-governmental organizations, international and regional bodies, national institutions and the private sector on how to invest in cultural diversity. Emphasizing the importance of cultural diversity in different areas (languages, education, communication and new media development, and creativity and the marketplace) based on data and examples collected from around the world, the report is also intended for the general public. It proposes a coherent vision of cultural diversity and clarifies how, far from being a threat, it can become beneficial to the action of the international community.

Bridging Cultures-Ciara 2014-04-15 With the rapidly developing globalization of various sectors of modern life, individuals, organizations, and nations are becoming increasingly aware of the ways in which cultural diversity may not only be a potential cause of conflict but also a source of growth, creativity, and inspiration. If, traditionally, intercultural mediation has been understood as a conflict-solving strategy or as a means to facilitate communication between individuals from different cultural backgrounds, Bridging Culture aims at providing a framework and a set of theoretical reflections towards a larger vision of the field, presenting mediation as a particular form of critical intervention within the different domains of the humanities. The contributions in the present volume take intercultural mediation to be a multifaceted, interdisciplinary phenomenon, impacting upon the fields of linguistics and literature as well as translation and cultural studies, where themes such as interculturality, multilingualism, and cultural transfer are continual and urgent features of contemporary discourse and debate.

Bridging Cultures-Fay Patel 2011-06-07 Competence in communicating across cultures is a prerequisite for success in today’s fast-changing global community. In Intercultural Communication, Patel, Li and Soosanaan draw on their deep intercultural experience to show us how to build successful communication bridges across diverse cultures. The book explores various theoretical positions on global communication ethics and norms by providing an overview of the contemporary socio-cultural situation and seeking ways in which common ground may be found between these different positions. The authors raise points of critical reflection on intercultural events and issues in various areas of communication including health, work, environment and education. The book also covers a range of issues, from the interactions of various cultures to the expansion of social organizations and the growing global infrastructure. By integrating ‘local’ perspectives in intercultural communication, the book addresses the long-term strategy of developing a global community without sacrificing indigenous local values.
